

COVID-19 UPDATE

I have carried out a detailed risk assessment and implemented the measures required to minimise the potential transmission of infection to my clients, myself and my clinic.

These include:

- **screening clients before attending appointments**
- **social distancing where possible**
- **rigorous cleaning, handwashing and hygiene procedures in line with government guidance**
- **the use of personal protective clothing, including the wearing of masks. I will be wearing a mask, face-shield and apron.**
- **temperature checking**
- **air purification**

Clients will be sent details of the procedures in place at the clinic, and will be asked to complete a screening questionnaire prior to attending their first appointment.
